

# ESC OPPURTUNITY IN SLOVENIA

Social Integration of migrant children and young adults

Long-term volunteering in SLOVENIA

12 MONTHS

# Project idea

Slovenia has long been the destination of many Balkan immigrants and our town Krško is no different. As youth workers we see many youngsters struggle with the language, culture, and everyday interactions with their peers and the local community. The project offers these youngsters an opportunity to fully grasp and better understand the new environment.

# Activities

- ➔ The young participants will primarily work in our center as part of the activities visited by vulnerable target groups. In the afternoon you will help in our daily centre Freedom.
- ➔ The Daily centre Freedom is open 4 times a week, for 3 hours a day. During the school holidays, the volunteer will focus on his own project and ideas that they want to develop
- ➔ One part of the volunteers activities will also take part in local schools.
- ➔ In the warmer months we also do street work, where we go on the streets of Krško and hang out with the kids there.
